## **CULTURAL FORMULATION INTERVIEW WEBINAR**

**SEPTEMBER 28, 2023  
9-11AM (CT)**

Presented by  
Barbara Jessing, LMFT, LIMHP

Understanding the culture of a family is critical to the provision of Early Childhood Mental Health services, especially when practitioners and families come from different cultural groups. Culture deeply influences how parents raise their children; yet it is often overlooked, and it can be a barrier to engaging the family.

In this presentation, we will explore the Cultural Formulation Interview as a means of better understanding culturally influenced parenting beliefs and practices.

This session is intended for any ECMH practitioner,  
regardless of model practiced.

Registration is free.
